

"AND LOVE"

Music - Sol Berkowitz

Lyrics - Bob Kasaler

Let's go now, get loose now,
Start ~~flipping~~^{swimming}, fancy and free,
Let's turn on the juice now,
We've got no excuse now
Noone can see, except us three...
You and me...and love!

Don't fight it, surrender,
Think of what we've got in store 
~~Shimmering~~ The chances are slender,
This moment of splendor
Will come once more
So let's explore
You and me...and love!

Feel the spell, why should we break it?
I can tell we're gonna make it
Might as well go 'head and take it
Easy, breezy and slow.....
Here we go.....

Don't waste time debating
Give old man someone the above
Let's start in playacting
'Cause heaven is waiting
Up there above
This meeting of
You and me..... AND LOVE
'till the light of day
We'll teach and play
AND LOVE!
