

"BETTER AND BETTER"

Music and lyrics by
Rob Kessler

It gets Better and Better
In every way,
Our love gets Better and Better
Each passing day
That first desire, that fire
Started to glow
We didn't know
How far it could go

But it grows stronger, lasts longer
The more we share
It keeps enduring, maturing
The more we care
There'll be no sad times, no bad times
That we can't ride above
For love gets better the longer we love.
