

"BLUE MERRY-GO-ROUND"

Come ride with me on the Blue Merry-Go-Round
Up to the top and then down, all the way down

Up there you can laugh at your troubles
along with the crowd
Who cares if the music's too fast and the
laughs are too loud...
You're off on a cloud as you

Ride the night through just suspended in space
Tears are taboo, there's a smile fixed on your face

If all that you want is to hide from the
world that you found
Come join with the losers who ride the
Blue Merry-Go-Round.
