

"COME TAKE A TASTE"

Music and Lyric by Bob Kessler

Hey Little Girl, come play with me
There's clover fields to run among
And everywhere the April air
Is Lemonade upon the tongue

COME TAKE A TASTE
See how far we'll go
If you never try you'll never know

Hey Little Girl, come take a chance
The world will change before your eyes
Let yourself dream the moon's whip cream
The sun's an Apricot Surprise

COME TAKE A TASTE
Come and share my cup
Let the love in you start waking up

Stop playing safe, taking care not to care
Life is a banquet so pull up a chair

Hey Little Girl, come take my hand
My love is reaching out to you
Why stop and think when we can drink
Of life's intoxicating brew?

COME TAKE A TASTE
Try it once and see
Come and take a taste of love with me
COME TAKE A TASTE
COME TAKE A TASTE
COME TAKE A TASTE.....
